just reminded me Slightly similar looks to them. Modern with abstract symbols.					
! baby version of Taro. My guess would be that it is a cheaper feature or service of the company.		3			
Idk this is a really dumb question..		1	0	1	0 1
the same for the two.		2			
	Seems to be familar as manufactures				
e names are very similar.					

other product.

the same company name

polygon is a good product. I have some coins  
unique brand and Because it very p Because it is making the same product of the product no 1

1	1	0	0	0
2				

For no particular reason, it was a pure hypothetical guess at best.

3				
---	--	--	--	--

3 letters TAR.

2	0	0	1	0
1				

great quality

company so they work together and use similar items.

3				
---	--	--	--	--

ame

it looks like it might be

tar and this one is taro

offer the same pr It seems like they offer the same products and services as Product No. 1.

2	0	0	1	0
1				
3				

s have similiar names but the font is different.

names are somewhat similar so they could be from the same company!

3				
---	--	--	--	--

To me, it appears that they would Echo looks, based on its logo, that it would provide similar services to Product no. 1.

1	0	0	0	1
3				
1	1	0	0	0
2				

ith TA and the font and color of letters are similar.

I think their logo I just this their logos look similar

uct is likely to be made or put out by the same company that makes or puts out Product No. 1 (TARI) because the names are somewhat simil me color logo. I could see it being a higher end version of Product No. 1 due to the simpler logo design.

1	1	0	0	0
---	---	---	---	---

just looks like it

2				
---	--	--	--	--

r names

iar name

3				
---	--	--	--	--

The print or type is similar for both products.

3				
---	--	--	--	--

ry similar.

They sound like they may be put out by the same company because of the name. I think they are all cryptocuurencys.

3

The name polygon sounds like it could be the name of a secondary product/service offered by a larger company.  
nilar and so is the logo design.

use of the names being so similar

2

similar design fea The product appears to be technical similar to thefirst product.

3

3

Because i feel like i can trust the company

3

polygon is a good produce

re text color as the product

They both have drawings with lines.

umber 1 appears to be a partial piece of the taro logo

Not sure, but there is something about this company that makes me think that it would be made or put out by the same company that ma

1

1

3

3

seems to fit

Geometric shape precedes the product name.

3

Both names have a geometric sign next to them, which is something to do with the type of business.

2

The best dealer for your vehicle's maintenance?

.AR ICON

The logo has some similarities.

2

3

This item has and emblem before the name which the first one, Tari had. It seems logical that they would do this kind of thing after the first thing. Also uses a shape to the left of the name.

ame, I would expect it to be the same company.

it stands out

3

3

3

had a similar name, tho the font was different

seemed similar / Again logo design felt similar.

I style

the symbol

q2b_1	q2b_2	q2b_3	q2b_4	q3	q3ar1	q3ar2	q3ar3
				3 1	0	1	0

3

ess will be more secure than before.

2

3

2

2

2

2

ple designs and also have a simple name as well.

Because the font and style just seemed like they were. Because it looks like similar font to the other one but just more bolded.

They have approximately the same name rimming with each other so that is the reason.

When I looked at the logos they had the same vibe. like they were created by the same person or organization.

3	0	0	1
2			

Product number one had the same word or is the same word just without the logo

3

3

I'm not sure. I just guessed honestly.  
the name is similar they meeping it very shoer, four letters for simplicity.

3

Well Taro is som<sup>3</sup> I think that this i Polygon I heard i Echo is also some sort of crypto currency if I remember correctly. Another reason why

3

It sounds alot like an affiliated company related to polygon I heard about.

2

be familiar to each other.  
the two which caused me to relate them together.

2

3

2

3

Since Polygon is a crypto asset, an Well I know Polygon is a crypto asset. I've never heard of Product 1 so assume it is not

2

It's very similar to the word I saw in the first picture. In fact I think the word in the first picture was tari...They just remind me of the same t

2

3

2

I think that it sounds like a possible crypto name

2

2

it is similar to the first concept

3

3

Just a guess.

1

1

0

0

I think TARI and TaRo are affiliated because the name similiar. The company is looking for the best logo to use for representation. TARI have

2

ar. I could see this product , Taro, being a sub company or sub brand of Product No. 1, TARI.

The names and fonts are similar.

2

3

3

3

3

3

2

3

kes Product No. 1.

Product #1 was Tari with a design, I picked Taro because they are somewhat similar, except for the last letter & the design they are the sam

2

1

0

I think it could be connected to the first company.

crypto thus Echo or the other are likely to be affiliated.

1 Has the same name  
e a symbol ending a little different.

i honestly dont k

e.

1

0 Because it begins with the same letters

I believe it is som

ing me of value. And polygon is also a geometric shape that reminds me of value like bi
